

Donation Guidelines

Mille Lacs Corporate Ventures and Grand Casinos are committed to helping meet the needs of nearby communities in a way that will make all of our lives better. While donations are given to a variety of organizations, our philanthropy is guided by our four Categories of Giving:

Education — Mille Lacs Corporate Ventures will help to increase student achievement by donating to areas that make learning relevant for future careers, inspire students to pursue higher education and to further educate students about Native American culture.

Health & Human Services — Mille Lacs Corporate Ventures will help to enrich the lives of youth and strengthen families by donating to organizations that assist in building and sustaining health in our neighboring communities.

Environment — Our commitment to sustainability extends beyond the vision of the Mille Lacs Band of Ojibwe. The vision of the Mille Lacs Band has always been to respect the ability of future generations and to keep in mind the next seven generations. Mille Lacs Corporate Ventures will support this vision by donating to organizations that make meaningful contributions to the sustainability of the environment.

Arts & Culture — Mille Lacs Corporate Ventures will support creative expression organizations that work toward enriching the lives of the community members and those organizations that help educate people about the world around us. By giving to organizations that support this overall effort, we will be doing our part to promote cultural diversity.

How to apply:

In order to process your request for donation, the following information must be submitted in writing (incomplete applications are ineligible for consideration):

- The legal name of the organization
- A brief history of the organization and its goals
- Physical and mailing address and phone number for the organization
- Full name and title of contact person
- Project or event name
- Detailed description of the project or event, including the event timeline
- Amount of request and when the donation is needed
- Information on projected impact of the donation, including how many people the donation will serve
- Total project cost with budget information
- Other fundraising efforts
- Communication strategy and recognition of supporters
- Completed W-9 form (request cannot be processed without this form) If you need a W-9 form, [click here](#)
